

INTRODUCING THE NEW
2018
Archway
SPORT

**EXCLUSIVE
 SPECIAL
 EDITION**

2018 marks the complete redesign of the Archway Sport and the results are stunning. Its new streamlined profile and fully re-styled interior creates a more luxurious feel. Exclusive to White Arches Caravans, the Archway Sport comes with its highest ever specification including an impressive list of special edition features. Boosting specification levels further is the enhanced Swift Command control system. Built with industry leading SMART construction, the 2018 Archway Sport is more durable making it an even better investment, and with eight layouts including two twin axle models it's easy to find a model to suit you.

Exclusive Features

AWNING SIZES :

Due to the varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or the awning manufacturer prior to purchase.

*The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures. Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions.

BED SIZES :

Please note that the front double bed sizes quoted are for seating configurations without chest of drawers. The front double bed width for a layout with a chest of drawers fitted will be reduced by 0.4m(1'4") from that stated. The masses are calculated in accordance to EU regulation 1230/2012 and NCC code of practice 304.

The Mass in Running Order (MRO) comprises:

1. The mass of the empty caravan as supplied by Swift including loose items such as the hook-up cable, kit bag, entrance step, manuals etc
2. 10kg allowance for LPG

The MRO is calculated with the fresh water tank, toilet flush tank and water heater empty. If you travel with water in the fresh water tank, toilet flush tank and the water heater the payload will reduce accordingly.

The personal effects is based on the number of berths and the length of the caravan and includes an allowance of 20kg for a leisure battery, The Maximum Technical Laden Mass (MTPLM) is the maximum mass allowed when the caravan is fully laden.

WARNING: Under no circumstances should the MTPLM be exceeded.

Please note: Any dealer fit options will reduce the overall payload available to the user of the caravan. If you require additional payload it is possible to upgrade the MTPLM to the upper limit. Please contact your Swift caravan dealer for more information.
