Our Archway
models include a
Truma 100W Flexi
solar panel

Enjoy the benefits of Truma's very latest
ultra light weight solar technology

Air Conditioned Comfort

Even more luxury included as standard
with your new 2024 Archway Caravan
exclusively available at White Arches

Every Archway caravan comes with Truma Air Conditioning as standard!

Truma Compact Plus

The Truma Aventa compact plus roof-mounted air conditioner has the same space-saving design as the Truma Aventa compact. Just like its sister product, it is a lightweight air conditioner that runs extremely quietly.

The only differences are the higher cooling power (2,200 watts) and fully adjustable air distributor, making it the number-one choice for all recreational vehicles.

- **Exclusive:** Available with a 5 year parts warranty from White Arches Caravans

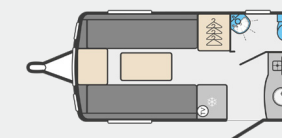

The **New 2024 Swift Archway Sport** range offers nine models to choose from, including three twin-axel models.

The **Archway Sport** range comes with a stunning aerodynamic exterior, at weights that can be towed by most smaller family cars, all at a superb level of specification.

The combination of luxurious style, lightweight 'SMART' construction, unrivalled specification, along with the best layout designs, makes the **Archway Sport** range a clear winning package for families, couples, first-time buyers or seasoned caravanners.
